Providing healthy produce where nature and growing support each other. Please come and visit for PYO Cherries and Box sales.

*It's summer, It's cherries, It's only 8 weeks !*

**Why do cherry farms change from day to day?**

Cherries can't be hurried and need to be picked ripe from the tree as they do not ripen after picking. Many of the Shed Door farms take orders for Christmas and New Year - Contact them directly.

**Fruit Fly Outbreak In City Suburbs**

Fruit Fly is a serious pest that none of us wants. None of our SA farms have fruit fly and we are all working hard to make sure our cherries stay great as usual.

Help keep all SA fruit Fruit Fly Free.

Please - Don't bring any fruit or fruiting vegetables onto orchards.

Our cherries are grown using the best Organic and Biodynamic systems. Industry leader in tree training systems. Est 1922  
We're celebrating our first 100 years!

**Who is open today?**

Download the Fresh Fruit App to find out today's time and places

**Why don't we have times days and times printed on this map?**

Cherries are hard to predict because of the weather and their popularity. They have to be picked sweet from the tree. Why do farms sell out, then have more cherries a few days later? All farms grow different varieties of cherries that ripen early, mid or late season. They may sell out of one variety within a few days or even hours, then have to wait for their next variety to be ready. The App gives you up-to-date opening days and availability.

**To find out where to go today**

- Avoid disappointment, Download and Check the App
- Check the farm's Facebook or Instagram
- Make a booking with the farms that offer bookings

Remember to fill up your car for the hills...

SA is proud to be Fruit Fly Free. Help us protect our lovely SA fruit from insects. PLEASE DON'T BRING OTHER FRUIT INTO OUR FARMS.

## Who is Open today?

Download the "Fresh Fruit" App on the Apple Store or Google Play to find out who is open today.

### COVID 19 Be Safe - Have Fun

All our orchards will be doing their best to provide a safe environment. We ask you to also do your bit to keep yourself and your community safe. Avoid crowding with other groups and maintain physical distancing. Please follow any signage and on-site directions.

#### Pick Your Own

Picking cherries in the outdoors is a low risk activity, but please follow directions from the orchard owner and avoid crowding. Please check the Fresh Fruit App for opening times and availability. Some farms may require you to book ahead.

#### What to wear for PYO...

We suggest jeans, sneakers or other closed flat shoes, comfortable top, hat, sunscreen and bring a drink bottle.

### Warning...

#### EXTREME OR CATASTROPHIC FIRE DANGER WARNING

Farms may need to close on days of extreme or catastrophic fire danger. Check before you visit or defer your visit until weather conditions improve. Check [www.cfs.sa.gov.au](http://www.cfs.sa.gov.au) or [www.bom.gov.au/au](http://www.bom.gov.au/au)

### Christmas Day...

25 DECEMBER - MOST ORCHARDS ARE CLOSED

#### Disclaimer...

"This map is produced by volunteers on behalf of the members of the FPSA (Fruit Producers of S.A.) who wish to advertise their Cherry Farms, other fruits and products. The map does not imply any endorsement by the FPSA in respect of the quality of each map participant's fruit and products, which remain solely the responsibility of each individual participant. For farms participating in the pick your own ("PYO") aspect shown on the map, it is the case that the topography of each farm will vary, and may include steep slopes, uneven surfaces and other hidden dangers including rocks. All participants are advised to exercise due care and take responsibility for their own safety when they visit a farm. We suggest that you choose NOT to visit a farm on a wet weather day due to the additional risks of slipping. You are also advised to wash fruit you have picked before consumption."
