Download the
Fresh Fruit App
to find out

Christmas Day...
25 December most farms are closed

Why do cherry farms change from day to day?

Growers can't predict when they will sell out of ripe cherries but usually there is a new variety ready in a few days time. Cherries need to stay on the tree until they are sweet – then its time to pick them. They are not like bananas or other fruit that can be picked green then get sweet after.

Many Farm Gate farms will take orders for Christmas and New Year. Contact them directly

Warning...
All farms will close when a Catastrophic Fire Danger Day is declared. This may happen once or twice over summer. Just defer your visit a day or so until the weather improves. Check: www.bom.gov.au/sa or www.cfs.sa.gov.au

Pick Your Own - Have fun, stay safe

- Do:**
- ✓ Check the App to see who is open
 - ✓ Put yourselves and children in jeans, sneakers or other closed shoes for walking on hills in grass,
 - ✓ Bring hats, sunscreen and water bottles
 - ✓ Check for weather warnings - stay out of the hills if a catastrophic fire day is declared – www.bom.gov.au/sa
 - ✓ Fill up your car before leaving the city

PICK-YOUR-OWN
